

HydroMassage® Self Installation Overview

Expectations:

- Installation of each HydroMassage unit typically takes between 2-3 hours
- The person completing the installation should have a basic mechanical aptitude (ex. handyman)
- Our technical support team is available 7 days per week to assist with the installation process. They can be reached at 1-800-699-1008 ext 2515 (or Prompt 1) or support@hydromassage.com
- Installation instructions will be shipped with your HydroMassage unit(s) and are also available in the "Support" section of the HydroMassage website, www.hydromassage.com

Tools Needed:

- Small Scissors (to remove wrapping)
- Adjustable Crescent Wrench
- Phillips Screw Driver
- 12 Gallons Distilled Water per Lounge/ 30 Gallons Distilled Water per Bed

If you are completing a self-installation for your HydroMassage unit(s), please sign and return this document with your order.
