

RELAX • RESET • EXPLORE

RELAXSPACE WELLNESS POD

New from HydroMassage, the RelaxSpace Wellness Pod is engineered to capitalize on the significant growth in the wellness / meditation / mindfulness space, providing members an opportunity to disconnect and recharge for 15 minutes with a unique, multi-sensory experience.

RelaxSpace™

RELAX • RESET • EXPLORE

PRODUCT FEATURES:

- **Product Design.** Modern, futuristic design elements to catch the eye and provoke curiosity
- **Ergonomic Seating Position.** Achieves relaxation and user comfort without sacrificing user visibility or potentially causing users to feel claustrophobic
- **Wellness Diagnostic Tools.** On-screen sensors display heart rate

MULTIMEDIA SENSORY EXPERIENCE:

- **Wellness & Relaxation Content**
Large 43" display provides an immersive wellness and relaxation experience. Selection of nature videos and wellness content (meditation / mindfulness/breathing exercises / stress-relief).
- **Audio**
Audio to accompany videos or wellness content; two small speakers at head-end of unit ensure others in surrounding areas are not disturbed.
- **Heat Therapy**
Users may activate a heated seat to provide a soothing experience for sore muscles.
- **Scent**
To accompany the experience and assist with stress relief and mood enhancement, users may select from a variety of subtle scent options.
- **Fan Feature**
A variable speed fan can be activated to provide a pleasant, cool breeze
- **Heart Rate Monitoring**
Hand sensors to monitor heart rate during experience.

USAGE & LOGISTICAL DETAILS:

- **Recommended set-up:** Preferably 8'x10' private room* with glass door per pod to provide awareness during new member tours. Ideally, minimum 2 units per club.
- **Staff requirement:** None other than to activate unit for Black Card members. Controlled from club front desk with Tmax or Radiance, similar to HydroMassage / tanning
- **Member usage:** Small, user-friendly interface to personalize wellness / relaxation experience. Provides user with private, comfortable experience without feeling claustrophobic
- **Session length:** 15 minutes
- **Product specs:** 92" L x 34" W x 69" H (plus 6" space on side of unit for Touchscreen)
- **Individual Experience:** Temperature, sound, and scent will be subtle and only be experienced by user (will not impact others in surrounding areas)

EXPECTED TIMEFRAME:

- February 2022: Product ready for purchase
